The Resident Assistants are a team of upperclassmen who work for the Housing Coordinators and are responsible for the hall in the Coordinator's absence. They are selected to help assist in social, academic, and personal matters and are trained for this. They also work closely with the Student Development Office staff and can direct students to many community and campus services. Their primary responsibility is to assist in the development of an atmosphere conducive to maximum growth and development. A Resident Assistant will always be on duty to assist students.

The 1976 season was a disappointing one for the Spartans. They finished 1-9. What else can you say? Next season looks brighter, the Spartans will return 9 starters on defense and 9 on offense. We had only one senior on the team.

The MVP was Dave Jemilo; Most Improved, Mike Schaffner; Outstanding Offensive Lineman, Bob Wasick, Outstanding Defensive Lineman, Jim Yokas; Outstanding Defensive Back, Bob Bolton; Outstanding Offensive Back; Rod Kiolbassa.

# PRE-LAW POLITICAL SCIENCE HISTORY CLUB

The Pre-Law/Political Science/History Club is made up of students interested in those areas. The Club is designed to give the student a balanced outlook on the political situation throughout the world. An informed student becomes an informed voter.

The Club spent many hours during the fall semester involved in the elections. Members became voter registrars for the county of Dubuque. They centered their registration drive around the campus community, registering to vote over 200 students. They held candidate forums for people seeking local, state and national offices.

Second semester events included the sponsorship of films — "The Attica Prison Riot", "All the Kings Men" and "Lovejoys Nuclear War". A panel discussion was held after each one. The discussion after "Lovejoys Nuclear War" featured Richard Worm, a Dubuquer from the Environmental Coordinating Organization; Steve Freedkin, a member of the Free Environment in Iowa City; and Milton Kapp, an officer from Interstate Power Company in Dubuque. The Club also held programs with speakers on local option taxes, and banning the can. During Law Week in April, they had lawyers speak over the lunch hour in the Oak Room of Peters Commons.

# Day Care Center

The UD Day Care Center under the direction of Pat Brant is alive and striving. Pat has been quoted as saying, "The rewards of working with kids are great if you are interested in working with them." The center is open for business every day from 7:30 a.m. til 5:30 p.m. The center offers a unique situation, it is not just a nursery school where for two hours the children are placed in a school situation, or a babysitting service. The idea is to act as a substitute family, to give the children the love and attention they need while their parents are at work.

According to the information pamphlet on the center, it is being used as "a learning laboratory in child development." Students who work there come from a wide range of majors. The activities that the practicum students participate in include planning one project a week in addition to helping with the regular routine. Along with the student planning activities, the day care center also have a group of older participants. These are the center's own loving foster grandparents.

## OLD CREAMERY CLASSES

Another first for UD! Never before in the Midwest had a college tried to offer an approach to theater education that combines professional theater with education. UD made this attempt with a group of classes that were specifically designed with the cooperation of the theater group from Garrison, Iowa, the Old Creamery Players.

The three courses that were offered included "Creative Drama" a course designed primarily for those interested in working with young people. This course involved developing the techniques of bringing theater to the classroom.

The second class was entitled "Story Theater" Which concentrated on the techniques of story telling. The course included exercises to stimulate the imagination and to strengthen the technique of those learning the process of story telling through story theater.

The last class was entitled "Stage Movement and Improvisation". The class was centered around the actors body as a means of conveying an idea.

These classes proved to be a huge success and may be expanded next year.

## D-CLUB

The D-Club is composed of members who have earned a varsity letter in inter-collegiate sports. The D-Club was very active this year, as they have a list of accomplishments:

Members worked free as waiters for Helen Ryan at the formal Christmas dinner.

Supplied pop free for the Volleyball-a-thon for Muscular Dystrophy.

Provided refreshments for all the football and basketball games.

Presented Rita Pritchard with the first annual "Coach of the Year" award.

With the help of Carl Christman and Support Services, D-Club built a new refreshment stand.

# WOMEN's

This year's women's basketball team was composed of many new faces and some returnees from last year's team. One of these new faces included Head Coach Rita Pritchard.

This year's team captured the city championship by defeating both Loras and Clarke. They also finished the season with a 5-5 overall record. The UD also had the best record of intra-city play, finishing 2-0 against Loras and 1-1 against Clarke.

Congratulations on a fine season goes to Coach Rita Pritchard, the players and to Assistant Coach Paul Waack.

Back for a second season, the DBQ's entertained both football and basketball fans. Returning this year were Connie Birthrong (senior) and Bev Beattie (sophomore). The squad performed to a wide variety of music such as "Fifth of Beethoven", "Ball of Confusion", and "Big Spender". Joining the squad at second semester were: Kris McGinnis, Ann Meisenheimer, and Vickie Roettger.

The UD wrestling team was armed with a number of returning men plus a fine crop of freshmen. First year coach Dennis DeGutes was optimistic at the beginning of the season and took the team to a conference finish of fifth place.

This year three Spartan **wrestlers** qualified to compete in the NCAA Division III championship at Birmingham, **New York**. The three were **Bob Falck** at 126 pounds who had an overall season record of 13-10-2, Jim DeMatteis at 158 with a season record of 15-9-0 and Mike Slater who finished the season with a 23-7-0 mark. To qualify for the nationals a wrestler must finish in the top three in the conference or win 60 per cent of his matches. Congratulations from the UD.

The 1976-77 Spartans finished their season with their best overall record since 1970-71. The record this season was 12-12. There were many bright spots in this exciting season. This season the Spartans established seven new school team or individual records. The outlook for next year is very bright as the Spartans lose Captain Dave Kuehl to graduation. With the addition of tougher competition to the schedule, maybe 1977-78 will be the year the Iowa Conference crown will return to Dubuque.

# FAITH & LIFE WEEK

Faith and Life Week was held on the University campus the week of Oct. 28-31. This week was sponsored by the Concerned Christian Fellowship, InterVarsity, Campus Ministry Team, and the University Board of Directors. The speakers included Dr. John Toay, pastor of First Presbyterian Church in Downey, Cal., Dr. Clyde Steckel, director of the Ministry program for the Minnesota Consortium, Dr. Kenneth Mitchell, dean of UDTs, Mr. John Flahiff, a UDTs student, and Mr. Lou Prues, the associate pastor of Westminster Presbyterian Church in Des Moines.

The purpose of the week is to take a relevant topic and discuss it through a sociological and religious approach. This year's topic was "Alone or Not Alone." It was designed to be both an introspective and interpersonal look at themselves and their friends. The first event of the week included an all College Convocation. This was followed by many workshops, and a performance by the Fellowship Missionary Baptist youth choir of Chicago.

# University Singers

The University Singers have performed at each of the convocations this year. Their other activities have included their program presented in February entitled the Aspects of Love.

The group is composed of University students and membership is by audition.

## THE STORY

One night, almost two thousand years ago, a little crippled shepherd boy named Amahl sat outside of the poor cottage where he lived with his widowed mother playing a plaintive tune on his shepherd's pipe.

His mother tries to make him come inside: but he pays no attention to her. Finally, she flies into a rage and threatens to whip him unless he comes in at once. He tells her about a wonderful star that he has seen moving across the sky "like a chariot of fire." Distraught by the poverty about her, she accuses him of lying and bursts into tears at the bleak future that seems to await her and her son. Amahl tries to comfort her with a fanciful tale of how rich they will become as beggars until even she has to smile at his whimsicality.

In the middle of the night, three richly clothed kings and a page stop at the cottage seeking shelter for the night. Amahl goes to the door but is unable to convince his mother that this is not another of his "tall stories." Finally she goes to the door herself and is amazed to see the three kings and the wonderful gifts they bear. The kings explain that these are the gifts for the "child" and that the star will guide them to him.

Meanwhile, Amahl has summoned the other shepherds who, bearing baskets of food, come to welcome the kings. They too admire the rich gifts the kings carry.

After the shepherds have gone, all in the house go to sleep except the mother. She decides to steal some of the gold to keep Amahl from starving; but she is caught by the page. Melchior explains what kind of child they are seeking and offers to give her the gold she has taken. She refuses but wishes she could send a gift of her own to "such a child." Amahl in a burst of complete unselfishness offers his crutch to the child; and to the incredulous joy of all he is miraculously cured of his lameness.

As the opera closes, Amahl's pipe is heard in the distance as he sturdily follows the three kings on the way to the child bearing his crutch on his back.

The New Que is a new approach to an old idea. This year a student newspaper reappeared on the University campus. It is published weekly except during holidays and examination periods. Student fees are used to defray the expenses. After finishing a fine year the New Que is organizing for next year. Their advisors are Don Heins and Dr. Salmon. The New Que is doing an excellent job of keeping the students informed and we wish them many successful years.

# Dinner Club

The Dinner Club represents the one organization through which the College expresses its pride in those of its students who have achieved superior academic record by the time of their junior or senior year. In addition to enjoying a good meal together once a month, we have the opportunity to become better acquainted with various members of the faculty, particularly new members.

I have served as advisor of the Club since 1970 and have maintained many happy relationships with graduates who were members of this club. The year 1976-77 saw a slight decline in club membership but no decline in the good times we shared together.

# STUDENT A M B A S S A D O R S

Getting to know a college as it is can be best done by talking to students who go there. This idea is what the student ambassadors is all about. When a prospective student visits the University, they are shown around by an ambassador who spends time walking, talking and generally letting him know what being a UD student is all about.

Alex Haley lectured here at the U. Thursday night, March 19, as part of Black Awareness Weekend. His lecture was sold out weeks in advance. His novel "Roots," which had been on the best-seller list for weeks, is a study of his ancestry from Africa to America.

Haley told the standing room only crowd of 2,000 to stop shunning aside its grandparents or risk missing the special stardust they sprinkle. He called for people to spend time with the elderly members of their family because locked away in some of them is the history of perhaps three or four generations.

He also urged someone in the family to write down the family history even if not in the best-seller form, copy it, and circulate it among family members.

Gweness Steadman with President Peterson after introducing Mr. Haley told a hushed crowd the parallelism between "Illiad" and "Roots", Homer and Haley.

# BLACK WEEKEND

Javaune Adams welcoming audience to the first event of Black Awareness Weekend.

This year's Black Awareness Weekend was held from March 17-20. The weekend was sponsored by the Sol Butler Memorial Center - the Black Presidium - Black Student Union and was entitled "Goin' Back Home With Alex Haley — 1977." There were many interesting events which began with a lecture Thursday evening by the author of "Roots", Alex Haley.

Friday's activities included the movie, "Man Friday", a fashion show entitled "Color My World With Fashion", and a play called "El Haye Malek — The Life of Malcolm X."

The events on Saturday were started off with a Career Guidance Seminar conducted by Dr. Hank Parker from the University of Northern Iowa. A second workshop entitled "The Developing Relationships Between Black Africans and the Black Americans" was lead by Peter Kijana from Wartburg Seminary. That evening a dance was held in Peters Commons.

The weekend was concluded Sunday was a gospel service. This service was conducted by the Reverend Billy Jones, Pastor of the Sunrise Baptist Church in Chicago, Illinois.

# Spring Bash

## APRIL 30

This year Spring Bash took place on the quad on April 30. This day proved to be very warm and sunny, just the type of day that all involved were hoping for.

The festivities included events such as wheel chair races, swim fin races and an egg throwing contest. There was also a very tasteful (?) event — a goldfish eating contest. Everyone's spirits were bright and cheerful and the day proved to be a great success.

# Softball

The women's softball team consisted of twelve members this year with five scheduled games to be played. The women got off to a blazing start by defeating Coe 21-12. This year's team had the ability to win, yet lacked experience which they gained with each game of the season.

The picture below captures Coach Rita Pritchard's pride when she was presented with the Coach of the Year Award. This is the first year for the award which was presented by the "D" Club. Rita Pritchard is the women's coach for basketball and volleyball, which both finished with a winning season and the softball team.

# Dorothy Taylor

This year marks the end of Dorothy Taylor's 41-year career as a teacher. She has worked at the University for the last 35 years. It goes unsaid that she will be missed greatly.

Dorothy is a native Dubuquer and received her bachelors and masters degrees from Indiana University.

She has seen many changes in the University itself and the students. We know that she has been well loved here because many of her former students return to visit her year after year.

Miss Taylor was honored at this year's graduation when she received the distinction of Professor Emeritus.

Good luck and we hope that you enjoy many future years and a well deserved retirement.

## VAN-TASTIC NEW PROJECT

Each year the Parents Association sponsors a fund-raising project for a capital improvement for the University of Dubuque.

This year we'd like you to help us raise \$13,000 for two new 15-passenger vans. These vehicles will help several academic departments and student groups.

For example:
